Dear EWF Members,

Due to the COVID-19 outbreak we have found ourselves in difficult times, but let's hope that the opportunity to meet our group of friends will occur as soon as possible. Currently, we all have to take care of our jobs and the future of our companies, not forgetting about EWF which must survive and be the initiator of further ideas and a source of tools for better functioning of welding and manufacturing in Europe and Worldwide.

On behalf of EWF Management Team and my own, on the occasion of the upcoming Easter Holidays I want to all of you friends, make a wish, let's be healthy and see you.

Kind regards,
