

## **Do you need welding coordination according to EN ISO 14731?**

**EWf and IIW created the structure for the following training program:**

**International/European Welding Engineer I/EWE,  
International/European Welding Technologist I/EWT  
International/European Welding Specialist I/EWS  
International/European Welding Practitioner I/EWP**

The International/European Diplomas and Certificates are the foundation for performing the required tasks and responsibilities of welding coordination, covering the requirements for professional support as well as the knowledge, skills and autonomy according to EN ISO 1473:2019.

**CWS ANB: excellence in welding qualification and certification.**

**ANB**
